

## **DUBROVNIK AIRPORT ENVIRONMENTAL PROTECTION POLICY (2021-2028)**

Zračna luka Dubrovnik d.o.o. (Dubrovnik Airport LLC), Dobrota 24, 20 213 Čilipi, OIB: 63145279942, continually plans, implements, checks and evaluates the effectiveness of environmental protection activities by meeting the requirements defined in international standards and regulations and the Republic of Croatia's environmental legislation with the goals of improving environmental quality and managing and limiting negative environmental impacts arising from the provision of airport services.

With the goal of establishing, implementing and maintaining the environmental protection policy, Dubrovnik Airport LLC's Management has committed to achieving the following strategic goals in environmental protection:

### **1 Mitigating the negative environmental impact:**

- | Reduction of energy consumption, and reduction of carbon and other GHG emissions
- | Climate change adaptation and disaster risk management;
- | Managing and monitoring air quality;
- | Ozone layer protection;
- | Waste management;
- | Sustainable water management;
- | Sustainable environment management;
- | Sustainable management and protection of soil and land resources, and
- | Energy independence through renewable energy production.

### **2 Achieving social progress in accordance with the needs and values of the local community:**

- | Pollution control at source;
- | Monitoring the impact of environmental factors on human health and quality of life;
- | Strengthening institutional and legislative frameworks and cooperating with environmental stakeholders;
- | Informing, raising awareness, educating and promoting dialogue for environmental protection, and
- | Continuously modernising and updating the environmental information management system.

### **3 Maintaining a high and stable level of economic growth by improving and developing green business procedures and technologies:**

- | Implementation of green public procurement;
- | Establishing and implementing sustainable consumption and production programmes, and
- | Supporting research and development of innovative and green technologies, processes and services.

Dubrovnik Airport LLC continuously monitors and publishes the results of its efforts to fulfil the goals defined by this Policy, which confirms its image as a responsible Company and ensures that a systematic approach is adopted to environmental management issues during the provision of airport services.

Dubrovnik, 24<sup>th</sup> April 2021.

FRANO LUETIĆ

General Manager
